

LAUREL PARK

TYPES OF WAGERS AT LAUREL PARK

STRAIGHT

These wagers are the simplest form of wagering and involve terms you may have already heard **win, place, and show**. Win bets offer just one chance to win. Place bets provide two chances, since your horse can finish first or second; and show bets give you three chances. However, if your horse finishes first, the payoff for a win bet is almost always bigger than a show or place bet.

WIN

Your horse must win.

PLACE

Your horse must finish first or second.

SHOW

Your horse must finish first, second, or third.

ACROSS THE BOARD

Separate win, place, and show wagers of equal amounts on the same horse

2-HORSE

Laurel Park offers many bets besides standard win, place, and show wagers. Any of these multiple-race or multiple-horse bets are called “exotics,” and their payoffs can be much higher.

EXACTA

Pick the first two finishers in the correct order. Available on all races.

DOUBLE (“DAILY DOUBLE”)

Pick the winners of two consecutive races. Available on all races except last race.

EXOTICS

As the saying goes, the greater the risk, the greater the reward! If you have a strong opinion on multiple horses in a race, you are in the position to make more money.

TRIFECTA

Pick the first three finishers in the correct order. Available on all races.

SUPERFECTA

Pick the first four finishers in the correct order. Available on all races.

JACKPOT SUPER HIGH 5

Pick the first five finishers in the correct order. Available daily on Race 6.

PICK 3

Pick the winners of three consecutive races. Available on all races, except final two.

PICK 4

Pick the winners of four consecutive races. Available three times daily.

VALUE PICK 5

Pick the winners of five consecutive races. Available twice daily, on the first five and last five races. Low takeout on this wager means even greater returns on your winning bets!

CHESAPEAKE PICK 6 JACKPOT

Pick the winners of six consecutive races. Available once daily, on the last six races.

ODDS

The tote board provides the current odds for each horse, but how much you will win is determined by how much you wager. The following chart shows the payoffs for a \$2 win ticket. (\$2 is the standard wager for all win, place and show bets.) A \$20 win ticket would then pay out 10 times the amounts listed.
